Part of the days will be specifically dedicated to this theme. We thus expect for this one communication proposals that show and question the use of corpus in teaching, whether it is feedback, presentation of methodological approaches and approaches, for various audiences. , as well as from more theoretical points of view...</p> <p>These days will not be limited to this theme and remain welcoming for all kinds of contributions around written, oral or multimodal corpora, which may concern, in a non-exhaustive way:</p> <p>Linguistic approaches and corpus Methods and tools Variations, genres, speeches Applications and uses of corpora: training, translation, terminology...</p>	https://jlc2023.sciencesconf.org/
7	28th International Lexical-Functional Grammar Conference	Rochester, USA	21-25 July 2023	15 February 2023	<p>28th International Lexical-Functional Grammar Conference (LFG23) welcomes work within the formal architecture of Lexical-Functional Grammar as well as typological, formal, and computational work within the 'spirit of LFG' as a lexicalist approach to language employing a parallel, constraint-based framework. The conference aims to promote interaction and collaboration among researchers interested in non-derivational approaches to grammar, where grammar is seen as the interaction of (perhaps violable) constraints from multiple levels of structuring, including those of syntactic categories, grammatical relations, semantics and discourse.</p>	https://sas.rochester.edu/cls/lfq23/
8	Languages of Offence in Digital Perspectives	Konin, Poland (online)	27-27 March 2023	28 February 2023	<p>The workshop focuses on various facets of offensive language found on Twitter, Instagram, Facebook and other social media including its explicit (e.g., slurs, direct insults, swear words) and implicit instances (e.g., irony, metaphors, hyperbole) analysed from linguistic, pragmatic, and computational perspectives.</p> <p>The workshop is held in online format only.</p>	https://linguistlist.org/issues/33.3521/
